Children’s Specialized Hospital

Children’s Specialized Hospital is the nation’s leading provider of inpatient and outpatient care for children from birth to 21 years of age facing special health challenges — from chronic illnesses and complex physical disabilities like brain and spinal cord injuries, to developmental and behavioral issues like autism and mental health. At 13 different New Jersey locations, our pediatric specialists partner with families to make our many innovative therapies and medical treatments more personalized and effective... so children can achieve more of their goals.
