Welcome

Children’s Specialized Hospital is the largest and preeminent pediatric rehabilitation hospital in the United States. Our hospital is dedicated to improving the lives of patients through delivering superior specialized health care and medical services, in a safe and caring environment. Last year, we treated over 20,000 children at our 12 locations throughout the state.

Through a blend of innovative therapies, personalized attention and compassionate support, our award-winning doctors and skilled pediatric therapists make a difference for children and their families every day.

What Our Patients Say About Us:
“Our care at Children’s Specialized Hospital is always personal and thoughtful. The therapists listen to all our concerns and individualize each session for my son.”
- Mother of Danny M., 3 years old

“When my son started therapy, he was only saying a couple of words. Now, almost two years later, he gave a small speech at his school! His therapists make him feel welcome and are very encouraging!”
- Mother of Jake L., 5 years old

“The therapists that treat my daughters give me the guidance I need to bring the skills learned in therapy into our home. They are always willing to go the extra mile for the families and have given me a sense of hope.”
- Mother of Katie and Kelly K., 11 and 15 years old
